PhotoTrackr™

Takes You to the Future of Photography

Think about the last place you traveled to. Do you want to know exactly where all your pictures were taken? Take the GiSTEQ™ PhotoTrackr™ with you on your next trip! Utilizing the PhotoTrackr mapping software and latest Geo-tagging technology, the PhotoTrackr™ shows you exactly where and when your pictures were taken. It also allows you to record and review your trip with GPS satellite precision. The most exciting feature of all is that you can upload your geo-tagged photos online. It's a cool way to share your trip experience with friends and families

Easy to use,
no monthly fees.
